A. Request for Proposals Construction Project Management Services
(Owners Representative)

i. A review committee was formed that included Fire Chief Jim Price, Division Chief Scott Kline, Board President Nora Gамbee, Board Member Terry Niedermeyer, and Citizen Committee Member Dennis Gelphi. The committee graded the RFPs, had discussions, heard presentations and came up with a recommendation. The committee recommended Otak CPM.

ii. Reference checks were done with the references listed. No other references were available from outside sources. Reference checks for all companies came back favorable. More responses were received from Otak's references.

iii. Based on the scoring Otak rated 1st, Turner and Townsend Heery rated 2nd, and Klosh Group rated 3rd.

iv. Pricing discussion: This was not included in the evaluation because the pricing will be determined during the contract negotiations. The companies listed an hourly rate based on who is performing the work. Klash Group's hourly rates range from \$143 to \$245/hour, Otak's hourly rates range from \$105 to \$210/hour, Turner and Townsend Heery's hourly rates are \$160/hour.

v. The Board and the committee were very impressed by all the applicants and feel that any of them would serve the purpose well. The Board appreciated the time and effort that they put into applying.

C. Resolution 2023-07: Resolution Adopting a Supplemental Budget for Fiscal Year 2023-2024 General Fund

- i. The front apron at the main station needs repaving and sloping to avert a flooding disaster in the station. The project done by ODOT changed the flow of water and blocked the existing drain which has caused flooding in the front apron.
- ii. Hoodland Fire has worked with ODOT and their contractor on a solution. ODOT will be paying to relocate the drain, lower the drain, and paving the ramp to the highway.
- iii. Hoodland Fire can piggyback on ODOT's paving contract in order to get our front apron repaved. Received a quote from Brix with the base bid at \$30,096 and an alternate bid at \$29,016. HFD will be paying for the asphalt removal, new asphalt and sloping towards the drain. Asphalt will be 4" across the board vs the current 2-3". Front access will be cut off during the paving, so apparatus will be parked in the back of the station.
- iv. Since this is an emergency, and the project was not budgeted for, we can do a supplemental budget to capture \$30,000 of the additional interest that has been received and transfer it into Station Maintenance. The 2023-2024 FY Budget only anticipated \$10,000 in interest and so far, we have already collected over \$50,000 in interest due to rising federal interest rates. The Board can decide to recognize the additional \$30,000 in interest now through a Supplemental Budget.
- v. Comparison pricing: Rogue River Fire repaved a portion of their lot (similar in size) in 2017 and it was \$40,000. We are getting a deal, probably at half cost.
- vi. For the Auditor, we will write a letter explaining that this was an emergency.

MOTION MADE: By John Drake to adopt Resolution 2023-07: Resolution Adopting a Supplemental Budget for Fiscal Year 2023-2024 General Fund.

2ND: By Cliff Fortune

DISCUSSION: To save money, HFD will be doing the striping and creating an ADA parking spot. The Board would like to go with the base bid versus the alternative bid.

VOTE: Motion Passed Unanimously. Nora Gambée (Aye), Cliff Fortune (Aye), Mary Ellen Fitzgerald (Aye), Terrence Niedermeyer (Aye), and John Drake (Aye)

MOTION MADE: By John Drake to accept Asphalt Paving Subquote from Brix Paving Northwest Inc.'s Base Bid of \$30,096 for emergency paving in the front of Station 351.

2ND: By Cliff Fortune

DISCUSSION: This is a piggyback on ODOT's paving contract.

VOTE: Motion Passed Unanimously. Nora Gambée (Aye), Cliff Fortune (Aye), Mary Ellen Fitzgerald (Aye), Terrence Niedermeyer (Aye), and John Drake (Aye)
